

# ENTRY DEDICATED STORAGE

Highly Available, Simple & Affordable

Entry Dedicated Storage is the ideal solution for applications requiring a lower-cost, entry-level cluster to maintain availability. Also, if you're simply looking for an economical way to expand your storage, Entry Dedicated Storage is a smart alternative.

### Scalable On-demand

Scale up to 192TB. Disks can be added as you need them

### Responsive

Monitored by dedicated support teams 24x7x365 and protected by a 1-Hour Hardware Replacement Guarantee

### Flexible

Multiple configuration options for a variety of storage needs including transactional databases, media downloads and archiving

### Dedicated

Dedicated solution ensures you are the only one accessing data on your drives and can help satisfy requirements for certain compliance programs

### Easy

Adding Entry Dedicated Storage is easy on your budget and eliminates the complexities of growing your storage by adding another server to your configuration
